

WELCOME TO THE CHILDHOOD SUMMIT CHILDREN ' S VOICE PROJECT!

We are so excited to invite you to join this project in capturing the children's voice and ideas on play and why it is so important to them.

The Australian Institute of Play is a newly formed not for profit organisation who is all about PLAY for children. In October 2021 we will be holding a Childhood Summit in Logan and we want the agenda of topics to be driven from children in Logan.

HOW TO GET INVOLVED

Attached to the email is a number of documents outlining the project, important dates and how you can get the children of your centre involved. Involvement can be a group's submission or individual children, whichever it is all children involved require the permission forms to be returned with the submission.

The children can do a video, drawings or collage – let your mind be creative – to represent what they LOVE about playing and how grown ups can help make it better.

The submission form has a special page for any children who want to make a drawing. Please copy this page for the children and remember to write their names on each one. If you are having difficulties in copying please email carrie_rose@icloud.com and I can organize some for you.

WHAT TO DO NEXT?

- Print off all the attachments on this email and read them very carefully.
- Talk with the children to see if they want to be involved.
- Get the permission from families.
- Get started!

NEED HELP

If you need help getting started or just want to talk it through a little more please contact carrie_rose@icloud.com with your phone number and I'll give you a call.

Looking forward to hearing all the children's ideas.
